

# Banking by the Numbers

## Banking on Sustainability

RFI Global data reveals sustainability credentials play a key role in business banking decision making and improving customer experience.

Around **1** in **4** businesses in mainland China and India are intent on taking out sustainable finance products.

## Canadian Mortgages

RFI Global research shows that more investor-borrowers are involved in bidding wars compared to the first half of 2021 (+6%).

Canadian bidders are increasingly paying more than the original listed price (+12%) compared to the first half of 2021.

## The Global State of BNPL

In the UK, **53%** of BNPL users would consider a BNPL solution from their bank to be extremely appealing.

**1** in **5** online clothing purchases within Australia in 2021 were purchased using BNPL.
